

BUSINESS IS BOOMING AND WE NEED TO HIRE ENGINEERING DESIGN IN

MASON, OHIO!

Company:

Pioneer Cladding & Glazing is a well-established and growing exterior façade company specializing in custom unitized curtain wall. Pioneer is headquartered in Mason, OH with offices in Cleveland, OH, Elkridge, MD, Johnson City, TN and Kokomo, IN. Pioneer's innovative approach coupled with cutting edge design technology has won awards as well as respect in the curtain wall industry. Pioneer is an equal employment opportunity employer with an established culture of rewarding a strong work ethic and providing ongoing training opportunities that promote an environment of creativity and career growth. Pioneer offers a generous benefit package to full time employees that includes Major Medical and Dental Insurance, 401K with a 4% match, Short & Long Term Disability, Company paid Life Insurance and Tuition Reimbursement.

Engineering Designer Job Summary:

Designers review architectural and structural drawings, interpret project scope documents and apply engineering, math and architectural principles to generate embed, plan and elevation drawings and shop drawing details using computer aided design (CAD) software. They participate in formulating design strategy and assist in solving basic issues related to the design of building envelopes, fenestration, and other interior and exterior architectural elements including but not limited to unitized curtain walls, entrances, punched windows, coping and interior partitions. Designers mentor and coach lesser experienced employees and they support production control, shop and field personnel during the manufacturing and installation of designed assemblies and components.

Job Requirements:

Qualified candidates have a Bachelor Degree in Engineering OR an Associates degree in Engineering Technology, Design and Drafting (or related field) and 5 years' relevant fenestration drafting experience **OR** a minimum of 7 years' relevant fenestration drafting experience. Candidates must have well developed drafting and mechanical drawing skills, be proficient in AutoCAD and be able to read and interpret architectural and structural drawings, construction specifications and bid documents. Candidates must also be familiar with basic engineering and architectural principles related to different types of structures (e.g., poured concrete, steel, etc.). Qualified candidates are able to perform moderately complex calculations using basic math and trigonometry, possess excellent interpersonal skills and have successfully worked in a fast paced environment. The best candidate must be a knowledgeable team player with strong analytical and problem solving skills. Candidates with curtainwall experience are preferred. If this sounds like YOU, please submit your resume, cover letter and salary requirements on our website: [http://www.pioneerglazing.com/careers/!](http://www.pioneerglazing.com/careers/)

Salary: Commensurate with experience
