

## BRAKE PRESS TEAM LEAD JOB POSTING

**Title of Position:** Brake Press Team Lead  
**Location:** Halethorpe, MD 21227

**Date Posted:** 4/21/2021  
**Posting Expires:** Open until filled  
**Position Type:** Full Time, Hourly

### BE AN EMPLOYEE OWNER AT THIS DYNAMIC CONSTRUCTION SUBCONTRACTOR!

This is not just a job...it's a career

We are proud of what we do and who we are – check us out at <http://pioneerglazing.com>

We are a **spirited employee-owned construction company** offering training and a competitive benefits package to all employees.

We are a **team** who supports one another's success which leads to corporate success.

We are the recipients of that corporate success in the form of **QUARTERLY BONUSSES** for all!

We are looking for an energetic leader with a good work ethic to join our team as the second shift team lead and primary operator of our brake press. You would program, operate and maintain our brake press and shearing machines. You would also train and mentor our second shift employees while holding them accountable for superior performance, quality and safety.

If you are over 18 with a high school diploma, can lift at least 50 pounds, can read blueprints and AutoCAD drawings and have a minimum of 5 years' experience using brake press and shearing machines...we are looking for you!! Your experience with Adira, Cincinnati Power Shear, ComeqB and ComeqVR will put you ahead of the rest!

Your first and last call for employment should be to Pioneer. Call TODAY at 513.583.5925 for application instructions OR submit your resume to [employment@pioneerglazing.com](mailto:employment@pioneerglazing.com) and we will contact you!

WE'RE LOOKING FORWARD TO MEETING YOU!
